

Shame is the guard dog that keeps people from the very path that would heal them.

The moment you stop respecting the smallest spark, you start going blind to your own.

A goldfish swimming circles isn't forgetful. It remembers the pond it lost. And when that truth finally hits you, it lands like a clown delivering condolences—absurd, impossible, and aimed straight at your own reflection.

The game is meaningless before God.

You're lonely even while loved.

That's not a contradiction. That's a human condition.

“God never misses the target.

**Not because She's a perfect marksman,
but because She's the marksman,
and the bow,
and the string,
and the arrow,
and the feathers,
and the bird the feathers came from,
and the air they cut through,
and the target,
and the painted bullseye.
Every arrow finds its mark.”**

Physical life is fragile, but the true self cannot be bought or bent.

Not morality versus survival.

But spiritual survival versus existential corruption.

It has to do with ceasing to be yourself even while alive.

Evil isn't destruction—it's domination.

It's the urge to command what isn't ours,
whether it's a universe or a child.

Sometimes love is not enough and fear is necessary.

There is no way to convince a truly stupid person that they're stupid.

It's pointless to try and outsmart logic.

Logic isn't your enemy. Your refusal to follow it is.

Reality breaks every lie and every liar.

You can cling to a lie until reality beats it out of you; surrendering to the truth is the only way to stop the beating.

A lie can shield you for a while, but truth always prevails—and it remembers how long you clung to the lie.

You cannot conquer a force by becoming it; only what transcends it can break it.

You can't defeat what's trying to corrupt you by sharing its corruption; however, victory is assured by simply remaining uncorrupted.

Some people don't understand why I'm so happy even after suffering through so much. Especially the people who are so unhappy after suffering through so little.

Comfort will drown you in a puddle.

Suffering teaches you to swim the ocean.

Some people go through fire and come out lighter, not heavier.

Others get singed by a candle flame and act like the universe wronged them personally.

Pain either breaks you

or burns the bullshit out of you.

Without choice, there is no need for a moral code.

Give it up. You'll never outwit yourself.

The absurd reveals the sublime.

Daniel Kenney

Stupidity isn't a lack of intelligence; it's loyalty to a lie.

Joy grows in places pain tried to kill.

Without choice there is no moral right or wrong—only pain wearing moral language to make itself heard.

There is no such thing as hidden data—because God knows every intention.

There is no such thing as wasted suffering—because it leads to transformation.

There is no such thing as coincidence—when timing is more important than logic.

Nothing is hidden—every intention is seen.

Nothing is wasted—every pain reshapes the soul.

Nothing is coincidence—timing teaches what logic can't.

We are not necessarily doubting that God will do the best for us; we are wondering how painful the best will turn out to be.

What more is there to think about other than Him.

What more is there to do other than to serve Him.

What more is there to hope for other than to see Him.

What more is there to be other than to be with Him.

The game is going to be called sooner or later, so why give up? Play and play hard until the end.

Daniel A Kenney

You are important. You are here for a purpose. You are loved. You are worthy of love. Let your heart overflow and spill your caring spirit onto the people around you.

Strength is not measured by avoiding suffering. Strength is the ability to suffer. Power is not being invulnerable. Power is being vulnerable without regret. Strength and power together lives in those who run towards danger because they want to help others. And yes, we suffer. But suffering grows our strength and power.

Daniel A Kenney

Looking at Life,

Don't condemn the world because you don't like what you see:

Trouble and unhappiness, greed and misery...

Certainly these things exist and cannot be denied - But dont forget forget that there is something on the other side:

Courage and unselfishness and much that is good and kind.

It really all depends on the focus of your mind.

Don't let dark distorting shadows spoil the world for you.

The fault may lie within yourself, so change your point of view.

Instead of looking on the bad and dwelling on the worst-

Try to get a broader vision, putting best things first

Turn the camera round : a different angle strike.

You will get another picture- maybe one that you will like.

Time is your most precious gift because you only have a set amount of it. You can make more money, but you can't make more time. When you give someone your time, you are giving them a portion of your life that you'll never get back. Your time is your life. That is why the greatest gift you can give someone is your time.

"Don't Quit"

And many a failure turns about
When he might have won if he'd stuck it out
Don't give up though the pace seems slow
You might succeed with another blow
Often the struggler has given up
When he might have captured the victor's cup
And he learned too late
When the night slipped down
How close he was to the golden crown

Heaven's Surprise

I was shocked, bewildered and confused when I entered Heaven's door. Not by the beauty, nor the lights, nor its decor. It was the people in heaven that made me sputter and gasp. The sinners, the cheaters, the liars and the trash. There stood the kid from second grade that stole my lunch money twice. Next to him was my

neighbor who never said anything nice. Herb who I thought would be rotting in hell was sitting on cloud nine doing quite well. I asked Jesus what's the deal? I'd love to hear your take. How'd all these sinners get up here? Must have been a mistake. And why is everyone so quiet, so somber? Please give me a clue. Jesus said it's because they're all in shock. They never thought they'd be seeing you!
