

I'm angry with myself  
I'm angry at the world  
whoever set me up didn't understand  
my mind is filled with thoughts of her  
her presence brings joy to my heart  
I know she's not the perfect one for me  
but I also know she is the one for me  
It's going to be a long time  
no shortcuts  
oh my God I so was wanting a shortcut  
Instead I found a new mountain  
I have to climb a mountain of misery  
I'm filled with desire  
this is the mountain I was warned about  
but I must climb this mountain anyway
